

# ReCreate & The Community

Providing impact  
as a service

**ReCreate**  
Creativity through Reuse

# **Would you like to create a better environment for future generations, while at the same time encouraging creativity and invention in Irelands future engineers, teachers and scientists? Then why not join the ReCreate Revolution?**

**ReCreate is a social enterprise making art materials and educational supplies affordable and accessible to every sector of the community for all kinds of creative purposes. This is achieved by salvaging clean, reusable materials from business and distributing them to members for free in unlimited quantities.**

**The project is based around the concept known as Creative Reuse which encourages the public to reuse materials on an industrial scale that would normally be sent to landfill or for recycling, for all manner of creative and inventive purposes.**

ReCreate would like to partner with organisations who are interested in making a big impact. Now an award winning Social Enterprise with a strong national following, working with ReCreate

will generate high levels of engagement and excitement, and in return provide a great impact both in the community and your organisation.

**“As adults we must learn the importance of having total freedom to be wrong. Creativity is a mind that is fresh, alert and sensitive, not mechanical, afraid or restricted.”** David Peat, physicist & science writer

ReCreates materials, combined with our professional artists are a catalyst for creativity that help our participants unleash their imagination! ReCreate offers our corporate partners the following:

### 1. Team Building Workshop

ReCreate will deliver a creative workshop called “Reignite your creative innovation ” where participants will be given an objective, range of materials and timeframe within which they must meet the goal. The event will be interactive, challenging and fun, encouraging the delegates to think outside the box. It will be an energising event and allow the participants to leave the workshop with a thought provoking experience. The purpose of the workshop will be to challenge participation in collaborative hands on activities, moving from 2 dimensional to 3-dimensional thinking as the session moves forward.

### 2. Family Friendly Workshops/ Company Family Days

Do you have a summer barbecue or a Christmas party for your staff and their families? Then why not let ReCreate take over a space and facilitate some family friendly workshop activities, for all to get involved in? ReCreate can host workshops to suit any theme!

### 3. Impact As A Service

Allow ReCreate to help deliver your organisations CSR in conjunction with your staff. You can commission school memberships, community workshops or

perhaps fund an installation for a group. ReCreate will work with chosen local groups to help spread the message of Creative Reuse and help forge the inventors and innovators of tomorrow, as part of our partnership with you. ReCreate can also use materials from your organisation within the workshops or installations to highlight the commitment from your organisation.

### 4. Corporate Membership for your staff

Grant your staff and their families unlimited access to ReCreates “Warehouse of Wonders” by taking out a Corporate Membership with us. Give the gift of creativity to your staff and their children

### 5. ReCreate Installation of your choice for your company

Commission ReCreate to make a stand out design piece/sculpture/your logo using reuse materials and possible materials from your organisation. This unique piece will be like no other and can be placed in your reception area, board room or perhaps a truly eye catching piece for those busy trade shows and conferences.

Corporate social responsibility practices can impact and influence many areas of a business and revolves around the following five pillars. Working with ReCreate covers an array of these pillars, allowing you to maximise your CSR with minimal fuss!

#### Community

ReCreate can help with your impact in the community by working with local schools, crèches or community groups through workshops or by offering free memberships to local groups, saving them substantially on their Arts budgets and giving them unlimited access to amazing materials from the "Warehouse of Wonders" thanks to your organisation.

#### Workplace

Allow your employees to unleash their imagination during a ReCreate Team Building session, where we will help your staff embrace their creative side and harness this inventiveness and innovation in the workplace going forward. Creativity is good for you, and our 2016 book "Heads Up" will help prove this.

#### Marketplace

Be a champion of the Creative Reuse concept and save money on your and your customers disposal costs by donating materials to ReCreate and our members. This excess and unwanted stock will be reused as Art materials by ReCreates members, which will help forge the innovators & inventors of tomorrow.

#### Governance & Communications

ReCreate's brand is now synonymous with creativity and innovation and by aligning your company with our programs this goodwill can benefit the perception of your company in the community, helping with sustainability and providing a better Ireland for future generations.

#### Environment

No matter how you choose to engage with ReCreate, caring for the environment is at the core of ReCreates values. By working with us we can assist you and your business in adapting and expanding this value within your own organisation too.
